Closing the Temporary Shelter Program at 65 Dundas St. E.

As part of the City's response to the COVID-19 pandemic and the need for physical distancing in the shelter system, the building was leased by the City for use as a temporary shelter program.

Starting in September, the shelter program will begin a phased closure while renovations take place.

All clients will receive support to move to another shelter or into housing before the closure of the temporary shelter program, expected by the end of 2023.
